LET’S PLAY SCIENCE

Albert Einstein said “Play is the highest form of research”, we are getting back to the basics of playing simple yet fun games. Join us every Monday, Wednesday, Friday & Saturday to play some games and put your logic, fine motor skills and patience to the test.

DAYS: Monday, Wednesday, Friday & Saturday
TIME: 11:30 - 12:30 & 14:30 - 15:30

BINGO EVENING

Family fun the good old fashioned way at the CTSC! Join us for a fun-filled family night out during the winter school holiday! Great Prizes up for grabs. Bingo facilitated by Living Maths.

DATE: Friday, 24 June
TIME: 18:00 for 18:30
COST: R50 per person* (includes entry to CTSC and Bingo card - Additional Bingo cards will be on sale for R10 per card)

BOOKINGS: info@ctsc.org.za or 021 300 3200

*Please note, your entry fee for the Bingo Evening contributes directly to the Mission of the CTSC, To make a hands on contribution to South Africa’s future by strengthening its science and technology culture through interactive methods of teaching; to excite the youth and general public about science and offer educational services to learners and educators.

Discover how to make fake snow and then build it into various activities.

CANDLE IN AN ORANGE
Recycle your orange skin and make a lovely smelling candle to freshen up any room while enjoying a tasty treat.

FREEZE-AN-ICE-AGE
Use your imagination and pretend you are an Eskimo, chiselling away at the ice to set your pet dinosaur free.

GLICKING SNOW STRUCTURES
Discover how to make fake snow and then build it into various cool structures, you can even make your own snow glow.

BUILDING CRYSTALS
Have you ever wondered what crystals are and how they are made? A crystal is an organized grouping of atoms, molecules and come in all different shapes and sizes. Crystals take a while to form so you can take it home with you and watch it grow.

KICK OF AN ANGLE
Teams ready? Get a group of friends together and see if you can kick the most goals - think it is easy then join in.

LAVA LAMP
Use simple household ingredients create a lava lamp, take it home and enjoy it for many more hours.

LOLLIPPOP RESCUE
Rescue the lollipop from the ice without breaking the lollipop.

MOUNT CANO
Did you know? More than 80% of the earth’s surface is volcanic in origin. The sea floor and some mountains were formed by countless volcanic eruptions. Gaseous emissions from volcano formed the earth’s atmosphere. Build a volcano and watch it erupt.

RAINBOW IN A TEST TUBE
Some may call it magic but we call it science! Create a rainbow in a test tube and shine rainbows on the wall.

ACTIVITIES
Please note that activities are free unless otherwise stated. Standard entry fees to the CTSC apply to all visitors.
